This discussion was continued from the previous month. C. Galley confirmed that driver’s status is confirmed prior to events requiring “carpooling,” and the consultation was finalized. As a result, it was agreed that the response to the consultation would be that the “PCHS GB considered the Consultation on the Extra-Curricular Activities and Field Trip Policy, and determined that we agree with the policy as established.”

GB 18-03-03 It was moved by Isabelle Leduc and seconded by Luciana Cifarelli to accept the response to this Consultation. The motion was carried unanimously.

GB 18-03-04 It was moved by Serena Polcaro and seconded by Angela Crosbie to respond to the Consultation on LBPSB Budget 2018-2019 with the following text. The motion was carried unanimously.

The PCHS Governing Board has considered the budget consultation, and provides the following responses to the questions in Appendix C to the consultation:

Question 1 – Governing Board

Question 2 - Regarding objectives, principles or criteria used to govern the allocation of funds, the PCHS GB recommends that funds be prioritized for special programmes such as WOTP, IB, and homework programmes.

Question 3 – With regard to this question, the PCHS GB feels that all resources and programmed are important, therefore we recommend that they be prioritized as follows:

1 – Experiential learning

2 – Staff Training

3 – Renewed Math Strategy

French programming

Integration of Technology

Special Education programming

4 – Early Literacy Intervention

Question 4 – With regard to the growth of the fusion portal, we believe it should be used as a method for paying fees (these include all fees paid during registration sessions, school fees, as well as library fees, and field trip fees). Similarly, the portal could be used as a method for completing field trips permission forms, carpool forms and any other forms presented during registration days including medical forms, contact information, emergency contact information and being able to make any changes to these during the school year.

Question 5 – With regard to the possible use for surplus funds, we recommend that they be used to improve insulation in classrooms and to upgrade bathrooms.

THE LESTER B PEARSON SCHOOL BOARD PARENTS' COMMITTEE

LBPSB Parents' Committee
February 16, 2018
Noel Burke
Chair, Council of Commissioners
1925 Brookdale Avenue
Dorval, Québec, H9P 2Y7
Re: Commissioner Replacement Process Postmortem Recommendations

Dear Chairman Burke,

On December 7, 2017, due to several members having expressed concern regarding the commissioner replacement process, the LBPSB Parents' Committee (PC) moved to form a subcommittee to examine said process, with recommendations (if any) to be submitted to Council. While we may not be faced with this exact situation in the near future, we maintain that this is a good opportunity to address some of the concerns that were expressed by and/or to LBPSB Parent Representatives.

Allow us to begin by stating that we remain confident that the integrity of the selection process was never compromised and that Council operated well within the laws outlined in the Quebec School Board Elections Act. Overall, the recent Council appointments have been met with enthusiasm by both the PC and Electoral Division 4's member schools. The reservations and recommendations expressed in this letter are not meant to and should not detract from these points.

Despite the aforementioned position, the process adopted by Council in this situation proved to be unnecessarily lacking. Several steps that could have been taken to promote collaboration and limit the appearance of a lack of transparency were omitted, resulting in the reaction of parent members to range from mild disappointment to suspicion that Council continues to operate with a less than transparent agenda. While the majority of our members' opinions are not as polarized and lie somewhere in between, it is important to us to acknowledge the viewpoints of all.

In our estimation, the biggest misstep in the process was to treat it as one would the hiring of an employee in the private sector, whereby the candidates' identities and applications were kept confidential to everyone except the 'hiring committee.' As commissioners are normally elected by their constituents with full transparency, it would have been advisable that Council acknowledge that fact and do its best to respect the democratic process to the best of its ability within the confines of which it was working.

For example, Council was asked if candidates could be invited to a special meeting of the LBPSB PC and the request was refused. The PC was therefore expected to make blanket recommendations without knowing who the candidates were or what they could potentially bring to the table. This made it exceptionally more difficult to provide an informed consultation. While we understand and appreciate that three Commissioners Representing the Parents' Committee were on the selection committee, the fact that they could not discuss the candidates or their qualifications with the people whose interests they are meant to represent and communicate did nothing to dispel the idea that the PC's opinion, and by extension, that of the candidate's potential constituents, was being minimized. This not only potentially damages the population's faith in Council, but also hinders Council's mandate to work openly and transparently with its stakeholders. In summation to the above, our recommendations are as follows:

- explore ways to put candidates in front of their potential constituents (town hall meetings, candidates' nights, etc.),
- leverage technological solutions/social networks/webcasts, and/or
- include Parent Representatives and/or Governing Board Chairs from the affected electoral division(s) on the selection committee.

From our understanding, the Governance and Ethics Committee is looking at this process. We respectfully request that, taking into account our suggestions, it propose, and the LBPSB adopt, a formal procedure to be followed in the event this situation reoccurs. This would help greatly in avoiding any future ambiguity or issues. Mindful of the fact that we are approaching the end of the year, we think it would be best that the Governance and Ethics Committee submit their report to council within a timeline that allows the current Council to effectively act on the recommendations without interfering with or being sidetracked by the scheduled elections.

In closing, we thank you for the opportunity to provide feedback regarding this process and the LBPSB Parents' Committee looks forward to an ongoing open and transparent dialogue with all members of the Lester B. Pearson School Board community, and to continuing the healthy and mutually respectful relationship that has been forged between Council and the LBPSB PC.

Respectfully,

Shane Ross
Chair, LBPSB Parents' Committee
